## HUNS READY TO FOIL ALLIED OFFENSIVE; BIG CANNON ACTIVE ON 120-MILE FRONT

### BOCHE POUNDING ENTENTE LINES TO CUT THROUGH

Great Sector Extends From La Bassee Canal to Laon

### ENEMY GAINS SLIGHTLY

Terrible Cost Paid By Teutons For Each Small Advance, Especially in Hills

### ARRAS SECTOR MAY SEE BATTLE

Still Quiet on Position of Americans—Italians Still Await Teuton Attacks

Facing American, French and British troops strongly entrenched and well equipped for battle, the German army has for the moment given up its direct drive against Amiens. Following their repulse in his efforts to smash straight through to his objective the enemy is now attempting a new maneuver which is intended to broaden the field of action and reduce the menace of a counter offensive which would nullify all the gains made by the Teutons since March 21.

Reports from the battle line in Picardy disclosed the first stages of this new German offensive aimed at either side of the salient in the allied line. From La Bassee canal, in the north, to the sectors east of Laon, the great artillery forces of the enemy are thundering with the bombardment deepening at places to the intensity of drum fire.

The length of this front is approximately 120 miles. North of Lens, east of Arras, along the line running through Bucquoy to Albert, south to Noyon and thence eastward past Lassigny and Noyon to a point far beyond Chauny, the Germans are hammering the allied lines in an attempt to break the defenses and prepare them for the infantry assault which may be expected at any moment.

### Huns Make Insignificant Gains.

On the western "elbow" of the salient in the Allied line the Germans are forced to fight uphill. Their advance across the lower ground along the Somme, Ancre, Avre and Luce rivers has carried them up to a parapet of hills which sentinel the road to Amiens. Attacks along this natural bulwark have netted the enemy only insignificant gains at a horrible cost. At points the German efforts have gained but these gains have resulted only in the formation of sharp salients which are swept by rifle and machine gun fire and temples of shells whenever enemy troops are seen forming for an attack. There is a wholesome respect in the German general staff for the Allied reserve army, which as yet appears to have been drawn upon lightly to meet the Teutonic attack. The attack on the French lines southeast of Chauny is for the purpose of removing a menacing salient and the gaining of better protection for the German left flank.

This assault is still going on and it has made considerable progress. The Germans struck through the lower forest of Concy and have reached a point south of the village of Feubray. The Berlin official statement claims that 2,000 prisoners have been taken.

### Looking for a Big Attack.

That an attack of large dimensions is planned for the front from Arras toward Lens is considered probable by military experts. As long as this front is in its present position the Germans cannot exert their full strength on the line before Amiens. The cannonade in this region may be the prelude of a massed attack such as beat the British line during the latter days of March.

Notwithstanding the statement made on Friday by Stephen Pychon, the French foreign minister, that "Americans are now fighting in Picardy," nothing definite has been learned about where General Pershing's men are located or what part they are playing in this battle of battles.

On the American held sectors near Verdun, east of Lunerville and north-west of Toul, only ordinary trench activity has been reported.

Little has been heard from the Italian front. The concentration of Austrian troops in that theatre of war is considered a warning that major activities may be looked for there. Probably in the mountainous country, but there has been no indication that

### DAIRYMEN SELLING MILK AGAIN

Moravia Group Patch Up Differences with Standard Dairy Company of New York City.

Moravia, April 8.—Following the return from New York yesterday of the president and secretary of the Dairyman's league of this place, announcing that the Standard Dairy company had agreed to increase prices paid to the producers for their milk, the 65 producers who have withheld their milk from shipment for a week, agreed to renew shipments and the first were made today. Two days after the producers had announced suspension of shipments, the Dairy company announced that it would receive no milk from this section for six months. This announcement now has been withdrawn.

### HUNS TELL NEWSPAPER MEN TO FOOL PUBLIC

To Alay Dismay of German People in Offensive's Failure, Stories Are "Colored"

Washington, D. C., April 8.—A digest of German opinion on the situation in Picardy given in an official dispatch today from France says the German general staff is instructing the military correspondents to reassure the public and with over emphasized explanations is betraying the dismay of the public at the prospects of a check of the great offensive. The dispatch follows:

"Among the descriptions of the war and the notices in the newspapers of different currents of German opinion produced in Germany by the offensive can be defined. There is first the anxiety caused by the extent of the losses. The general staff charges the Wolff bureau and the military correspondents to reassure the public, and to put them on guard against the enemy communique.

"The staff no longer upholds as on the first day that the losses of the assaults have been minimum but it now affirms that they are normal and proportionate to the results obtained. Then the anxiety which the halt of the offensive excites. The general staff explains to the impatient public what difficulties the transports are encountering in supplying the army, difficulties which have been augmented by the bad weather. It recalls the success of the preceding days and describes the demoralization of the enemy armies, the exhaustion of their reserves.

"These over emphasized explanations and these encouragements betray the dismay of public opinion in Germany which begins to fear a check of the great German attempt on the western front."

### MILITARY POLICE ARE GUARDING UTICA PLANT

All Employees of Savage Arms Walk Out Declaring They Have Not Been Treated Right

Utica, April 8.—With the Utica military police guarding the plant of the Savage Arms company, where are made the Lewis machine gun and ammunition, all the employees of the plant are idle tonight. The guards were placed at the request of an army officer at a conference tonight with Utica's mayor and the sheriffs of Oneida and Herkimer counties. A company of 65 armed men was placed about the plant, a second is ordered to report at 5 o'clock tomorrow morning and a third company will report at 7 o'clock tomorrow evening.

The company officials steadily decline to make any statement regarding the situation. A committee of the Machinists' local, however, has drawn up a lengthy statement charging the company with poor faith in not granting promised increases in wages and being discourteous to employees.

The strikers are to meet in a local theatre at 9 a. m. tomorrow.

### PASS ROAD REPAIR BILL

Albany, April 8.—The Sage bill appropriating \$1,000,000 to repair the damage caused to the state highways by the traffic of heavy army motor trucks was passed unanimously by the senate tonight.

The Teutons plan to launch their attack at an early date.

The Turkish troops are reported to be invading the Caucasus, where they will take possession of the territory which was given them under the peace treaty of Brest-Litovsk.

The landing of British and Japanese forces at Vladivostok seems to have been merely for the purpose of policing that city. No steps toward ejecting them have as yet been taken by the Bolshevik authorities.

### TRAIN WRECKED; 1 DEAD, 20 HURT

Empire State Express Plunges Into Derailed Freight Near Amsterdam; Two Blinded

### 3 TRAINS JAMMED UP

Freight Sent Off Track By Broken Truck; Traffic Blocked For Hours; Wicks in Smash-Up

Amsterdam, April 8.—John R. Bots, of Albany, engineer of the Empire State express, was killed and some 20 other persons were injured today when the west bound Empire State express on the New York Central railroad ran into a derailed freight train a mile and a half west of here. Fireman M. Ballinger and fireman Davis were injured in the crash.

Information given out in New York city by the New York Central was to the effect that three persons were killed, but according to the coroner this statement was erroneous.

A. L. Price of Loxonia and William G. Hunter of Albany, passengers on the "Empire" are said to have been permanently blinded in one eye by shattered glass. East bound train No. 16, known as the New York express, also plunged into the wreckage and the engine was overturned but none of its passengers were injured.

The freight, an east bound special food train, was derailed by a broken truck and several of the cars were thrown across the west bound track. The engine of the Empire State express was overturned in the collision with the derailed cars and Bots and his firemen were hurled across the rails to the bank of the Mohawk river. "All traffic on the main line was blocked for many hours."

### Those Who Were Hurt.

Among the passengers on the Empire who were hurt, but not seriously, were: Lieut. John P. Bushnell, Washington, D. C.; Nat. Ellis, Syracuse; Charles Toaster, Lake Pleasant; Mrs. Emma Gindry, Carthage; Elizabeth G. Holmes, Saratoga Springs; Norman Parker, Erie; Harry H. Berger, Yonkers; Marion Totcomb, Fredonia; Mrs. Michael McCarthy, Ossining; Mabel Sheffield, Sharon; Robert Walker, Brookville, Ontario; Richard Hodge, Albany; Mrs. Alfred LeClaire, Tupper Lake; H. J. Myers, Greenwich; John Keepler, Albany; C. A. Butler, New Hope, Pa.; Albert Campbell, Buffalo; M. Creedon, Little Falls; Charles M. Christler, Waterloo; Miss Eunice Powlman, Syracuse; Robert Vogels, Troy; C. A. Bole, ridge, Albany; Mrs. Robert H. Coughlan, Albany; William Chute, Spencer; William Randolph Nugent, Buffalo; Frank Glynn, Palmer Falls; Jacob Fitzer, Syracuse; Oakley Esmay, Seward; Thomas Fagerlin, Newark; and John Cossean, Potsdam.

Edward Davis of Syracuse, engineer of the eastbound passenger train, sustained a fracture of the skull, but is expected to recover.

### Albany, April 8.—Senator Charles W. Wicks of Oneida was the only member of the legislature known to have been in the train wreck at Amsterdam today. Senator Wicks was in the dining car of eastbound passenger train No. 16 when the crash came. He was thrown heavily against the table, but was uninjured.

### Albany, April 8.—The nomination of Nathan Ottinger of New York as justice of the supreme court to fill the vacancy resulting from the resignation of Francis Scott, was sent to the senate by Governor Whitman tonight. On motion of Chairman Henry M. Sage of the finance committee to which appointments are ordinarily referred, the nomination was confirmed immediately as a courtesy to Senator Albert Ottinger, brother of the nominee.

### TRAIN AT ROCHESTER SCHOOL

Rochester, April 8.—The selection of Mechanics institute here as a government school for training drafted men in mechanical trades was announced by the institution today. About 250 men can be accommodated.

### APPROVE WATER-POWER BILL

Albany, April 8.—By a unanimous vote the senate tonight passed Senator Henry M. Sage's bill designed to authorize the leasing of surplus canal waters for power purposes.

### 12 ON ASSEMBLY SERVICE FLAG

Albany, April 8.—A service flag bearing 12 stars was unfurled in the chamber tonight in honor of 12 former members of that body who are now members of the armed forces.

### Germany Demands Russia Diamantite Battleships

(By the Associated Press.)  
Petrograd, Russia, April 8.—In reply to a protest of the Smolni institute against the landing of German troops in Finland, Germany has sent a wireless ultimatum demanding, in accordance with Article V of the Brest-Litovsk treaty, the removal or disarmament of all Russian warships in Finnish waters by noon, April 12. The officials of the Smolni institute have ordered the commanders to accede to this demand. The German and Ukrainian troops being within 30 versts of Kharkov, the Soviets have left that town.

### FIVE YARDS FOR CONCRETE SHIPS

Shipping Board Chairman Asks For \$50,000,000 For Industry's Development

### BOATS YET A GAMBLE

Behavior of Vessels At Sea Fully Loaded Unknown and May Prove Disastrous

Washington, D. C., April 8.—Fifty million dollars will be asked of congress tomorrow by Chairman Hurley of the Shipping Board for development of concrete ship building. The plan is to establish at once five government yards, two on the Pacific coast and three in the south.

Plans are already under consideration and will be announced shortly. The three in the south probably will include one already planned for Wilmington, N. C. Transportation facilities and easy access to cement and sand will govern the selection.

The first vessels turned out by the government yards will be 7,500 ton tankers, both because of the shortage of oil carriers and because in the present stage of concrete ship development the board is more confident of success with the tankers than with general cargo craft.

### Admit Ships Are a "Gamble."

As yet concrete ships are admitted frankly by experts to be "a gamble," because the behavior of such a vessel under loads in a heavy sea is unknown. Success in the experiment is not guaranteed, but Mr. Hurley and General Manager Piez, of the Emergency Fleet corporation, hold that in the present emergency every possible means of adding quickly to the tonnage available for war purposes should be utilized.

Greater chance of success is expected from the operation of concrete tankers because the liquid load will constantly seek a level and not entail the strain on the ship that a solid load would do in a heavy sea.

The concrete ship "Faith," built on the Pacific coast for private account is almost ready to undertake a voyage. Engines probably will be installed by May 1. Preliminary reports on the launching of the Faith, which was witnessed by R. J. Wig of the Shipping Board, have been virtually very enthusiastic as to her possibilities.

Mr. Hurley, Mr. Piez and Mr. Wig conferred today at the capitol with Senators McCumber and Simmons, both of whom are understood to have agreed that experiments on a large scale with the new construction should be made as soon as possible.

### OTTINGER SUPREME JUSTICE

Albany, April 8.—The nomination of Nathan Ottinger of New York as justice of the supreme court to fill the vacancy resulting from the resignation of Francis Scott, was sent to the senate by Governor Whitman tonight. On motion of Chairman Henry M. Sage of the finance committee to which appointments are ordinarily referred, the nomination was confirmed immediately as a courtesy to Senator Albert Ottinger, brother of the nominee.

### TRAIN AT ROCHESTER SCHOOL

Rochester, April 8.—The selection of Mechanics institute here as a government school for training drafted men in mechanical trades was announced by the institution today. About 250 men can be accommodated.

### APPROVE WATER-POWER BILL

Albany, April 8.—By a unanimous vote the senate tonight passed Senator Henry M. Sage's bill designed to authorize the leasing of surplus canal waters for power purposes.

### 12 ON ASSEMBLY SERVICE FLAG

Albany, April 8.—A service flag bearing 12 stars was unfurled in the chamber tonight in honor of 12 former members of that body who are now members of the armed forces.

### TREASURY ONLY WILL TELL HOW LOAN IS MOVING

McAdoo Issues Orders Prohibiting Any Other Report

### TO AVOID DUPLICATION

Department Will Gather Statistics From Federal Reserve Districts and Publish Them

### MUST 'JUNK' PREPARED METHODS

Sixty More Communities Reach Quota—New York Enthusiastic—Coach At Caledonia

Washington, D. C., April 8.—Estimates of daily Liberty loan subscriptions will not be given out during the campaign by national, district or local headquarters under instructions issued tonight by Secretary McAdoo. Instead, the treasury will gather from each Federal Reserve bank figures on subscriptions actually filed with them, together with receipts from the initial 5 per cent payment, and a tabulation of these will be made public each day.

Local committees may compile similar reports of subscriptions turned into local banks and give out the results.

The method of supplying information on the day by day progress of the loan campaign, adopted today by the treasury after long discussions, is intended to prevent the publication of inaccurate estimates which might not be borne out by actual subscriptions. Secretary McAdoo requested newspapers and Liberty Loan committees to observe the new rule.

### McAdoo Explains New Plan.

Over the long distance telephone from Richmond, Va., where he made his first Liberty Loan speech on a southern tour, the Secretary authorized this statement:

"In order to remove the risk of inaccurate information and of sanguine and misleading estimates concerning the amounts of subscriptions to the third Liberty Loan, no figures will be given out for some days and then only figures as to the actual amount of subscriptions officially filed with the Federal Reserve banks. The danger of relying upon optimistic estimates and unofficial subscriptions will thus be avoided.

"This information will be made public beginning at an early date, when the department will be prepared to give accurate figures. After the plan has been developed the Federal Reserve banks will report to the treasury department the amount of subscriptions actually filed and these reports will be given out daily. The Federal Reserve banks will simultaneously announce the amount of such subscriptions officially filed in their districts and will permit local committees to announce the amounts of subscriptions officially filed.

"I ask the co-operation of newspapers and Liberty Loan committees throughout the country in the policy above indicated, which is of vital importance to the object we all have in mind in making the Liberty Loan an unqualified success."

### Prepared Systems Valueless.

The new arrangement renders valueless the systems developed by the Liberty Loan organizations after weeks of work to gather from each city, town and county at the close of the day's soliciting an estimate of the subscriptions gathered that day. Those estimates were to be collected by the publicity organizations in each federal reserve district and telegraphed to Washington to be made public here during the following day.

During the second Liberty Loan these unofficial estimates were made public daily together with official reports of the federal reserve banks and the aggregate official figures were about two thirds of the estimate. This ratio continues until the last day but the official reports always lagged behind.

If official reports are made at the same rate this time the treasury's announcement will be from 5 to 10 days later than the day's work.

### Duplication Danger Very Great.

Officials explained that the danger of duplication or "watering" in estimates even if carefully made arises from the fact that campaign workers report subscriptions which may be made payable through a bank. This bank in turn subscribes a lump sum to cover all the subscriptions it handles. Thus a pledge might be counted twice.

By the latter part of the week the treasury expects to give its first official report on the subscriptions. These

probably will be far above the first week of the second loan since officials say the rivalry prompted by the giving of honor flags causes communities to strive to be first to get their quotas.

About 60 additional communities reported today they had subscribed their quota and won the flag, making more than 200 names on the honor roll in the first two days of the campaign.

### Enthusiasm in New York.

New York, April 8.—The second actual working day in the third Liberty loan campaign was marked in this city by intense enthusiasm in the financial district.

It was "movie" day on Wall street and so dense was the throng at a meeting held at the sub-treasury this afternoon when noted motion picture actors addressed the crowd that police reserves had to be summoned.

### Caledonia, April 8.—The Liberty coach driven by Miss Marion Hollins, of New York arrived here from Batavia this afternoon and the party spent the night here. The arrival was celebrated with a meeting at which members of the party spoke. The coach will go to Scottsville tomorrow and from there to Rochester, arriving in Rochester at 4 o'clock tomorrow afternoon.

### The coach was accompanied by the Liberty ball.

### PROCEEDING TO THE FRONT

Washington, D. C., April 8.—Transportation of American troops to France already is proceeding at the accelerated rate contemplated by the speeding up measure taken after the battle of Picardy began. Acting Secretary Crowell made this statement today, but would give no details.

For military reasons the extent of the increased troop movement had not been made public.

Following the conferences between Secretary Baker and Allied officials orders were given under which a British official statement was issued saying that American forces were to be brigaded with British troops in order to hasten American participation in the war. Officials explained today that the process to be followed was similar to that adopted in placing American troops in the front line with the French for training.

It has been estimated that 30 days training of this character with American battalion units assigned with the British organizations will fit the newcomers for active duty at the front. All divisions now moved from this side are composed of men who have had several months of preliminary training and who need only final instruction to take their full share in the fighting.

Process Believed Quickest.

The training process will be quicker with the British than with the French it is believed because the language difficulty does not exist. American units will find every British veteran an instructor and there will be no need for interpreters.

It was indicated that the new plans call for a more extensive training scheme with the British army than has been the case with General Pershing's original force. There probably will be no attempt to set up a purely American force with the British ranks as has been the case with the French.

The Americans are to be withdrawn when trained and turned over to General Pershing as a part of his army. They will share fully with their British comrades the battles of their front and the belief here is that they will not be withdrawn so long as there is pressing need of their service with the British lines.

AT THEATRE ONEONTA TODAY

## D. &amp; H. IN NEW OFFICES

ONLY THREE MINUTES LOST IN CHANGING DISPATCHING FROM OLD TO NEW LOCATION.

Susquehanna Division Will Dispatch Trains After April 15 by Telephone Instead of Telegraph Between Oneonta and Delanson — Superintendent's, Trainmaster's, Assistant Trainmaster's, and Dispatchers' Offices Moved Yesterday.

With the removal yesterday of the superintendent's office, and the trainmaster's, assistant trainmaster's, and train dispatcher's offices from the Wilber bank building, where they had been located for the past seven years, to the Oneonta hotel building, the Susquehanna division of the Delaware and Hudson company now has all its clerical force centralized under one roof.

Extensive alterations have been made in the entire top floor so that the rooms are modern, light offices.

Superintendent James K. McNeill occupies the easterly suite facing Main street, formerly occupied by the Millards as their private apartment. Adjacent are the offices of the trainmaster and his assistants. Next along the corridor are the rooms occupied by the chief dispatcher, Richard Hunt, with the telegraph room next to him and in the far westerly end of the building, at the corner of Main and Dietz streets, are the train dispatcher's offices.

In making the change of the dispatchers' and telegraph offices only three minutes of time were lost. In the transfer the instruments were cut out at the old offices at 2:55 p. m. and at 2:58 dispatching of trains was started from the new offices. The lapse of time was due to changing of the electrical connections so that the circuit might go through the Oneonta building instead of the Wilber block. Before even this small loss of time could be made possible, three weeks of day and night work were necessary in wiring the new offices with conduits and connections concealed below the floors, and installing new desks and instruments. When it is remembered that all the stations on the Susquehanna division, some 32 in number, covering a territory of 150 miles between Albany and Binghamton, were concerned in the change, and that trains were moving on the main tracks and on sidings all the time, the transfer is somewhat of a feat.

One of the innovations that will come to this branch of the D. & H. through the change in offices will be started shortly when the district between Oneonta and Delanson will be handled by telephone instead of telegraph. This system installed by the Western Electric company, under the supervision of their expert, E. V. Adams, formerly superintendent of the Cooperstown exchange of the Otsego and Delaware Telephone company, will make a great saving of time and add efficiency to the dispatching. The new telephone board is so arranged that by the turning of a key a bell in the station called will ring in the same manner as a fire alarm signal box works. The office called will then answer the dispatcher by phone. Heretofore when a dispatcher called a station by telegraph, because all the other 31 along the line were connected with the same circuit, each one had to listen closely to catch whether it was his code number being called. The new system eliminates this since each button on the dispatcher's board calls only one place, that with which it is directly connected. However, though the dispatcher may call any one of his offices singly, several offices may call him on the telephone together. In such cases he merely talks to the one he wants first, while the others wait until he is ready. The operator of the new system will sit with a set of receivers strapped to his head and a transmitter across his chest leaving his hands free. When he does not want to use the head piece, a large horn, with an amplifier attachment, will carry the message to him above all the noise of clicking telegraph instruments in the room.

Last fall new, heavy copper wires were strung between Oneonta and Delanson making it possible to "hook" the new telephonic system of dispatching up to it. The operating board is equipped with a set of telegraph instruments for use in any emergency where the telephones are out of order. It is being used now until the new plan is put in operation which will be about April 15.

This telephone board is placed on one end of a large table, while along in back of it, at the sides of the same table are two telegraph operators. One operator has charge of dispatching the trains in the district between Delanson and Albany and Delanson to Mechanicville; the other operates the territory between Oneonta and Binghamton. The table is of an entirely new design, formed so that the three dispatchers may see each other, and as such contains some original ideas of the men in charge of dispatching for the Susquehanna division. It was explained yesterday that in most other offices of this kind, the men are placed at any rickety desk in quarters that are not at all inviting to work.

As a train is dispatched from the offices here, the supervisor for the section in which it is travelling follows its movements from station to station. He sits with a strip of yellow, specially ruled paper before him, about six feet long and two wide. When the train starts out, he makes a note of it at the particular station, and then notes its advance along the line.

In commenting on the dispatching of trains by telephone, and on the new D. & H. dispatching offices, Mr. Adams said that he knows of only one other railroad office in the country that is better equipped and has an equally pleasant location as the Susquehanna division. He remarked that the rooms are so large, so airy, and so light, that they are conducive to good work. In most railways, he explained, dispatchers are generally shoved off into any out of the way place.

A "Changed" Quarter.

Thousands of persons, banks and corporations are daily causing the secret service and subterranean great annoyance by telephone calls inquiring if the 1917 quarter has been counterfeited, states the New York World. The National City bank and the Federal Reserve bank are among those who have been flooded with requests for enlightenment.

The trouble results from an act of congress, based on the idea that the legend on the reverse side of the piece was not as clear as it should be, ordering it changed. The new issue recently was put in circulation.

In the first issue the eagle is at the bottom of the coin and there are seven stars on the left and six stars on the right of the national bird. In the second issue the eagle has been placed near the center of the coin, and there are five stars on each side and three stars beneath the eagle and the "E pluribus unum" and other reading matter is more distinct.

Both coins are of course O. K.

The Handy Automobile.

It is not an uncommon sight on an extra frosty morning, notes an exchange, to see a teamster walking alongside his team to keep warm, but it certainly was surprising on such a day to see a driver doing that with an automobile.

This was on a broad, smooth suburban highway, where the passengers shooting past in a big limousine saw a delivery wagon embarking serenely along while its driver, swinging his arms to warm himself, was trotting along beside it on the ground, just as he might have done if instead of a machine he had been driving a horse and wagon.

Occupy Your Proper Place.

It's continuous confidence in the ideal of your own making that compels success, observes an educator. Some men never question the possibility of defeat. They may have setbacks but not defeats. They are right and know themselves to be right. The rest of the world may be ranged against them for all they care. They have a mission and nothing short of it will satisfy. That's what you should have. Get the proper self-estimate and move up to your place.

Sole of Foundry Equipment, Etc.

The entire equipment and stock of merchandise of the Tichenor-Culver Iron Works, Oneonta, N. Y., will be sold at public sale to the highest bidder, on Thursday, April 11th, at 12 o'clock noon, at the premises now occupied by the above company, Argo street and D. & H. railroad tracks, Oneonta. Property consists of cupola, blower, motor, crane, tumblers, flasks, patterns, etc.; stock of pig iron, sand, facings, etc., etc. Plant is all ready to run and business could be taken up and carried along by anyone desiring to operate it at the present location.

Terms of sale, 10 per cent cash, balance within 30 days, on approved security.

Full information can be secured by addressing the company as above, at Oneonta.

## LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

## FINANCIAL AND COMMERCIAL

## New York Markets.

New York, April 8.—Stocks were more or less neglected today by reason of Wall street's complete absorption in new Liberty loan. Dealings exceeded any of last week's dull session by a slight margin, but the market's narrow range indicated the perfunctory character of the trading.

The rare intervals of activity after the irregular forenoon were accompanied by offerings of motors shippings and obscure specialties at reversals of 1 to 2-1/2 points, whereas a few stocks recently favored by pools averaged 1 point advances.

Minimum quotations were registered in the final hour, the further reaction accompanying an advance in call loans from 4 to 6 per cent, presumably in consequence of last Saturday's adverse bank statement.

Virtually no funds were attainable at the longer time periods, but quotations were slightly higher, 6 per cent being offered for accommodations extending from 3 to 6 months.

The bond market was featureless aside from further selling of Liberty issues, especially the second 4s at gradual declines.

United States bonds (old issues) were unchanged on call.

## New York Produce.

## Swift &amp; Company's 1918 Year Book

shows that Swift & Company sells the meat from a steer for less money than the live steer cost!

Proceeds from the sale of the hide, fat, and other by-products covered all expense of dressing, refrigeration, freight, selling expense and the profit of \$1.29 per steer as shown by Swift & Company's 1917 figures as follows:

Average price paid for live cattle per steer	\$84.45
Average price received for meat	68.97
Average price received for by-products	24.09
Total received	93.06
This leaves for expenses and profit	8.61
Of which the profit per steer was	1.29

There are many other interesting and instructive facts and figures in the Year Book.

We want to send our 1918 Year Book, to anyone, anywhere — free for the asking. Address Swift & Company, Union Stock Yards, Chicago.

Swift & Company, U. S. A.

## LIVES 200 YEARS

For more than 200 years, Hasler's Oil has been recognized as an infallible relief from all forms of kidney and bladder disorders. Its use is so simple that it must have unusual merit. If you are troubled with pains or aches in the back, feel tired in the morning, headache, indigestion, insomnia, painful or too frequent passage of urine, irritability of the bladder, you will almost certainly find quick relief in GOLD MEDAL Hasler's Oil Capsules. This is the good old remedy that has stood the test for hundreds of years, prepared in the proper quantity and convenient form to take. It is imported direct from Holland laboratories, and you can get it at any drug store. Your money promptly refunded if it does not relieve you. But be sure to get the genuine GOLD MEDAL brand. In boxes, three sizes.

## REST THE WORK-OUT LIVER WITH LEADLEY'S ACTIVE LIVER TABLETS

If your complexion is pale and sallow, if you have unsightly pimples and blotches, remove them in this simple, quick, sure way.

Ask your druggist for a box of Leadley's Active Liver Tablets. They remove the cause of your unhealthy, unwholesome appearance.

They stop bad breath and fermentation in the intestines. They remove all poisons from the stomach and liver. No wonder your complexion is bad, if you allow your system to become run down. Try these vegetable tablets for a few nights. You will be amazed at the relief from that tired, dull feeling. You will note your brighter, fresher appearance. Be sure you get the genuine Leadley's Active Liver Tablets. Allways in the little red box, at 10c and 25c. For sale at all druggists.

Hubble has deeded to the trustees of the Methodist Episcopal church of Franklin her building on Main street, directly opposite the Methodist church, now used as a furniture store by F. W. Page. The building will now be used for church parlors, for social and other gatherings, and as headquarters for the Boy Scouts. Mrs. Hubble's generosity is greatly appreciated by the church as well as the community at large.—Mr. Hurlbert, who had been here the past winter assisting his son-in-law, R. T. Kinch, in the pharmacy, has returned to his home in Hamden.—Rev. and Mrs. G. E. Robinson left Tuesday for Newburg, to attend the

New York Conference. Mr. Robinson has had a most successful year and it is the united wish of the church as

(Concluded on Page Seven.)

## WOMEN SUFFERERS MAY NEED SWAMP-ROOT

Thousands upon thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble. Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions. Get a medium or large size bottle immediately from any drug store. However, if you wish first to test this great preparation send 10 cents to Dr. Kilmer & Company, Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Oneonta Daily Star.

## Farmers' Exchange Sale Every Saturday At 1 p. m.

## O. A. Weatherly &amp; Co., Milford, N. Y.

**THRIFT**  
in tire buying—  
Most Miles per Dollar  
**THESE** times are giving a national meaning to those principles of efficiency which years ago gave to Firestone the record of Most Miles per Dollar.  
**Firestone Cord Tires**

carry this economy to a still finer degree. Not only added mileage far beyond the added cost, but extreme resiliency saves gasoline. Also this resiliency in protecting the car saves repairs and retards deterioration.

Invest in these tires and keep down your expense, thereby helping the general cause of conservation.

**Firestone**  
**Fabric Tires**  
Giving More Miles Than Ever

In bringing the Cord Tire to its present stage of efficiency Firestone builders found ways of applying some cord principles to fabric construction.

More rubber between fabric layers, a reinforced bead which insures a perfect and firm seating of the tire to the rim.

Also a thicker cushion of pure gum under the tough tread which prevents tread separation and reduces stone bruising.

Have your dealer show you. Use this improved type and practice real economy.

## THE LIBERTY LOAN.

Whoever in Germany—which may mean in the Fatherland at home or the sundry little republics of it in America—believed that the United States had already exhausted its financial energies and would be unable to make nating response to the appeal for a third Liberty Loan, certainly has another guess coming. In every city of the nation, and in every important village, the opening of the loan of \$200,000,000 gave opportunity for loyal citizens to come to the front and to demonstrate the zeal which is theirs for the loan and for the cause which the loan represents. The opportunity thus presented was eagerly embraced. Everywhere there were parades and meetings and patriotic addresses and more than duplicate the successful subscriptions of the first two loans.

But while parades and the other preliminary manifestations are gratifying things, the big thing after all is the subscription, and already this is reaching such proportions as to show that there is neither exhaustion nor lack of interest on the part of American citizens. In not a few places, among them Richfield Springs in our own county, the quota assigned has already been secured, though not even in these places does the securing of the quota mark the end of interest. Instead they will go on, soliciting other subscriptions to the end that no only will money enough be secured, but that every citizen may have opportunity to express the eagerness of his desire to aid in taking the great American drive over the top.

In Germany, where the statement has gone forth that our citizens are lagging and no longer zealous, this new Liberty Loan will awaken the enemy from the delusions of their dream. In the United States it should and doubtless will inspire to more working, more saving, more sacrifice, and to a determination to win the war, no matter how long continued. And among the Allies the news of it will strengthen the arms of those now at close grip with the enemies of freedom throughout the world.

## IN BRIDGEPORT.

In Bridgeport, in the state of Connecticut, on Saturday last, 3,000 loaves of bread, the entire product of the largest bakery, were seized because glass for the two previous days was found in the output. There were two Germans—alien enemies—employed in the bakery and one of them was detained by the police, in the mild words of the newspaper statement, pending some further inquiry; and the other man lost his job—he was discharged from the bakery.

From these facts it would appear that the authorities are prepared to deal strenuously with the alien enemy problem. No longer will he dare to put powdered glass or other undesirable substances in bread or in candy—500 candy shops were closed in Waterbury because there was glass in chocolates—because it will no longer be safe for him to do so. He must lose his job!

## HOME ECONOMICS MEETINGS.

Two Demonstrations Yesterday and Two More to Be Held Today.

Though the weather was by no means auspicious, there was a fair attendance yesterday at the two demonstrations of the Home Economics club, at the Normal and River street school buildings. At the former Mrs. E. E. Scatchard and Mrs. Marvin Hatcher presented "A Well-Balanced Meal," consisting of thick vegetable soup, Egyptian salad, oatmeal biscuit, drop cookies with war flour, and a cheap sponge cake. Much interest was taken in the demonstration and the vendors were approved by all present. The evening the same demonstration will be given at 7:30 o'clock at the East End school building.

"Wheelless Batters" was the general subject of the demonstration last evening at the River street school. The demonstration was in charge of Mrs. Chester A. Miller, assisted by Mrs. D. H. Woodward, and the vendors, which were very successfully demonstrated, included chocolate cookies, spice cake, bran flake and tomato pie. This afternoon the demonstration will be repeated at 2:30 o'clock at the Chertan street school building.

## ILL WITH MUMPS AT ALBANY

C. H. Whitings, One of Men in Saturday's Draft Lot, Delays Train.

Claude H. Whitings, one of the 47 young men who left here Saturday in the last draft increment for Camp Dix, was taken very ill with mumps upon arrival at Albany, the Local Board reports. The adjutant general of the state when notified of the case ordered two physicians to the train, the car with its other occupants was detached from the train, and run onto a siding, but after a delay of several hours was permitted to proceed on its way. Whitings was given medical attention and then went along down with the others.

When Will He Come Out?  
The next betting proposition probably will be as to when Kersensky will come out of hiding.—[Pittsburg Post.]

## TOPICS OF THE PRESS

Farwell, Phoebe Snow!

Secretary McAdoo, Lord High Executioner and Director General of Most Everything, has decreed it. The lovely face and spotless garb of Phoebe Snow and all her charming sisters and cousins and aunts no more will adorn the timetables of the Road of Anthracite, or any of its competitors. We heave a sigh.

But this is war time, and luxury and vanity are taboo. But shall we quite eradicate the spirit of emulation as well? If the instant claims and seductive invitations of the Road of Anthracite acted as a spur to other roads, to better service and politer railroad manners, were Phoebe and her kindred a deep economic loss. Shall the world go drab, and the dull and dun society which socialism would ordain be spread among us? Shall there be no more cakes and ale? We are not a people able to feast too deeply on gloom.—[New York Tribune.]

—Ominous.

The promptness with which some states have accepted the proposition was to have been counted upon, but the sudden approval of Massachusetts is surprising and ominous. When Kentucky, the seat of extensive liquor interests, and Massachusetts, in the front rank of industrial commonwealths, make haste to fasten this drastic legislation upon the country, it is hardly possible to mistake the movement of the tide.—[New York World.]

## Well Kept Military Secret.

Although we have been scanning the papers with more than our usual care, to say nothing of a greater amount of avidity, to save our life we haven't been able to learn what really happened after Secretary Baker and General Bliss retired to that wine cellar.—[Philadelphia Inquirer.]

## The Pacifist Newly Defined.

Job Hedges, who spoke in this village yesterday, defined a pacifist as the illegitimate offspring of a hope and a regret. Which is the most complimentary we have heard about the pacifist for some time.—[Chicago Tribune.]

## Germany's Execution of Priests.

Two Catholic priests have been executed in Brussels on the charge of being spies. Another instance of the exercise of might, which may not prove right and which therefore may cause another batch of trouble for Germany.—[Charlotte Observer.]

## Purple Minds.

There is no reason why the New York Public Library should not possess a copy of every pro-German book that exists. If Satan himself wrote a book it would be the duty of the librarian to seek a signed first folio. There is good reason, however, why the library should not lend pro-German books to everybody who asks for them.—[New York Tribune.]

## White Pines for France.

The Pennsylvania department of forestry has offered the French government 4,000,000 white pine seedlings from the state nurseries. The work of replacing German mischief in the matter of trees is a great one. Sometime there will be shipping sufficient to carry Pennsylvania trees to France, but probably not now. But there will be gratitude across the water that such an offer has been made.

## Typhoid No More.

Dr. W. W. Keen of Philadelphia find that during the Civil war the total number of cases of typhoid fever was 30,000, and of deaths 30,000. During the Spanish war, for which we had 108,000 men enlisted, there were 20,700 cases and 1,550 deaths.

In our present army the record for a period as long as our war with Spain shows that with an army in camp seven times as large as our army in the Spanish war there were 119 typhoid cases.

After the anti-typhoid association was completed there were only seven cases.—[Syracuse Post-Standard]

## His Choice.

Parson—Do you know the parables, my child?

Johnny—Yes, sir.

Parson—And which of the parables do you like best?

Johnny—I like the one where somebody loafs and fishes.—[Washington Post.]

## Interested in Bridge.

"No, I am sure Jack does not love me. His mind is not on me as it should be."

"How do you know?"

"I played bridge at the same table with him and he could remember what the trump was all the time!"—[Brooklyn Citizen.]

## Direct Action.

A South Dakota Indian who left his reservation and went to town to hear a patriotic talk, learned for the first time that we are fighting the Germans. He said it was too bad he did not know about it Sunday, as there were three Germans on the reservation and he could have killed them all without any trouble.—[Utica Press.]

## Long-Needed Cleansing.

There is in sight a wholesome and long-needed cleansing of the political atmosphere; a cheering demonstration that even race demagogues get around home to roost at last.—[New York Sun.]

## No Successful Appeal.

It is going to be impossible for any one who, on his record, has been serving the ends of the Kaiser to tickle the pro-German constituents to appeal successfully for the votes of patriotic citizens.—[Oshawa Bee.]

## A Fine Drive.

It is a fine thing that the Knights of Columbus drive for funds netted more than \$4,000.00 instead of \$2,500.00. It is an even finer thing that the response to the call should have come from every race and religion in the community.—[New York World.]

## PEOPLE'S PARLIAMENT.

The Star disclaims all responsibility in regard to the views of correspondents expressed in this column and will not hold as endorsing them because publishing them. This column is intended to be for the people's use, the place where all can hear whose statements are unobjectionable. The communication must be accompanied by the name and address of the author. If requested, these will not be published, however.

## A Duty to the Community.

Editor Star—  
We are told in Holy writ that "He that provideth not for his own household is worse than an infidel." Also, the inquiry is made, in substance, "If his children cry for bread will he give them a stone?"

Thus appealing to the tenderest sentiments of the human heart, through many instances without avail, through the debasing and demoralizing influence of intoxication.

Fathers, mothers, wives and helpless little children are the victims of alcoholic dementia; and sickness, sorrow, pain and untimely death follow in the wake of the onward progress of a traffic unjustified, and without excuse, in morals or in law.

It has long been regarded as an out-lawed traffic. As witness the many legislative acts, from time to time, within the last 50 years, restricting the sale and use of intoxicants and providing for penalties against those who violated such restrictions.

Nevertheless, granting licenses to buy, sell and drink, a commodity known and conceded to be fatal to the welfare of the community.

Public intoxication has long since been stigmatized as a crime and it is made a criminal act to sell liquor to an intoxicated person, or to those against whom warning has been given, why not abolish the instrumentalities, through which such crimes are likely to be committed?

I once heard a man say to another, "I will have to testify that brandy saved my life," to which the other replied, "That may be so although doubtful; but if such was the case it has killed thousands who were far better men than you."

Human life at its best, is frail and uncertain. We are commanded not to profane the temple in which the spirit dwells. Let us strive to be obedient to that command.

Fellow Citizens:  
In casting our votes in favor of no license we will be performing a patriotic duty.

Our beloved country is today in the midst of an awful war, where the best blood of the nation is being poured out as sacrifice, to the end and purpose that the principles for which our fathers contended and for which many of them gave their lives, shall be upheld and sustained, and with that object in view the "Sins of War" must be forth-coming and the surplus which has heretofore been expended for "booze" may well be turned into the treasury, in order to clothe and feed our brave soldier boys who have offered their lives, and who are even now perishing their lives, for our sake, and for the sake of the perpetuation of human liberty, justice and civil righteousness.

Thus we may render valuable service not only to this municipality, but to our whole country.

Let us therefore falter not in the exercise of the duty and privilege conferred upon us as citizens of this community.

W. H. JOHNSON.

## MANUAL TRAINING TEACHER.

Miss Beulah Stebbens to Teach at Academy Street School.

Miss Beulah Stebbens of Williamson has been engaged by the Board of Education of this city to teach manual training at the Academy street school in the place of E. W. Eagler, who recently enlisted. Miss Stebbens is a graduate of the Oswego Normal school, class of 1914. For the past two years she has been teaching at the Columbia Institution for the Deaf at Washington, D. C. She also had some experience in her home town.

The new teacher commenced her work yesterday morning and during the day met two classes. She stated yesterday afternoon that she was much pleased and even surprised with the amount of work that had been done by the boys. Her plan is to continue from the place where the scholars left off a few weeks ago with Mr. Eagler and give them as much work as can be gotten into the number of hours still left of the term.

Miss Stebbens also expressed her approval of the course of study in manual training that is scheduled at the school. She will follow it closely, endeavoring to give the pupils much work of a practical nature, real sample of execution, as possible. She was pleased also that Dr. George J. Dann, city superintendent of schools, is willing to give her full freedom in planning and teaching her study.

## Real Estate Transfers.

George W. Sillman has sold his 37 acre farm on the reservoir road to Robert C. Craig of Delhi. This is a very fine place. The house has modern conveniences and the barns and outbuildings are all up to date.

Eugene Moore has sold his fine farm of 160 acres located near Otego to Frank Bedford of Otego.

Mrs. Emma Chase has sold her very desirable residence at 93 Elm street to F. W. Knapp of Otego.

F. W. Knapp has sold his farm of 135 acres located near Otego to N. W. Howland of West Oneonta.

The Chase estate has sold to Fred Hort of Otego a house and lot located on River street in the village of Otego.

Arthur E. Gernoad has sold his fine residence on Madison avenue in this city to Mrs. Emma Chase of Otego.

All of the above sales were made through the real estate agency of Campbell Bros.

## His Face Brightens.

The German-born pacifist-Socialist is against our war because he is against all war, but his face brightens visibly at news of German victories.—[Syracuse Post-Standard.]

## OVER THE TOP FOR YOU

## "OVER THE TOP."

Sydney Riesenbergs spirited painting "Over the Top for You" promises to be one of the most popular posters of the Third Liberty Loan campaign. In addition to imbuing the soldier figure with unusual virility, Riesenbergs has succeeded in putting much action into the inanimate parts of the painting, particularly the flag which the soldier carries.

## AFTER TWENTY FIVE YEARS

Dr. A. H. Brownell Resigns as Superintendent.

Four months after Dr. A. H. Brownell came to Oneonta he was elected superintendent of the First Presbyterian Sunday school. This was 23 years ago, and with the exception of an interval of three years he has held the office to this time—a period of a quarter of a century of faithful and effective work. On Sunday morning last, after his successor, A. C. Hollev, had taken the desk which so long Dr. Brownell had occupied, the latter made a final report of his stewardship.

Following his remarks Dr. Russell made a brief but eloquent address, in which, voicing the unanimous sentiment of the school, which owes so much to the retiring superintendent. He told of the devotion and loyalty of Dr. Brownell, of the love and respect which he had won and retained and the general regret which was felt when his resignation was announced. In conclusion, Dr. Russell, in behalf of the school, and as a tangible expression of its appreciation, presented to Dr. Brownell a Third Liberty Loan bond, not in any sense as remuneration for services which could never be recompensed, but as an enduring reminder of the lasting regard in which he is held.

Though Dr. Brownell was too greatly overcome to make reply, there was no question of how deeply he was moved or how greatly this thoughtful act was appreciated.

Gasoline—We sell both Texas and Standard. The "Right" garage, opposite D. & H. station. Advt. 4

## RONAN BROS.

## An Exceptional Display of Women's and Misses' New Spring Coats, Suits, Dresses and Millinery

Every new fashion idea is shown in an unusual variety of tailored, sport and dressy models in the new materials, trimmings and colors.

## New Spring Millinery

Our Famous \$3.50, \$5.00, \$7.00 and \$8.00 Hats

## LOCAL MENTION.

—Edward Jones yesterday purchased of A. M. Butts a Maxwell roadster.

—At the surgical dressings room yesterday 50 women made 578 large compresses and 433 small compresses.

—Ira Bradley of Franklin was in the city yesterday and while here purchased a new Oakland Sensible Six of Arthur M. Butts, the local agent.

—Probably no motor car ever received in the city has attracted more admiration and more favorable comment than the new Cadillac Eight delivered a few days since by J. A. DeWam, the local agent, to Mrs. Belle McCrum. The car is not only rich in its appointments and equipped with the standard high power engine of the Cadillac Eight of 1918, but its color, Belgian blue, gives it class and attracts the eye of many motor enthusiasts and others. What more anyone could desire in a car it would be difficult to conceive.

## MEN TURNING 21 NOT LIABLE.

Local Board Announces That No Law Has Been Passed Drafting Them.

So many young men and others interested are making inquiry of the Local Board as to how young men who have turned 21 since last June 5 must register, that the officials are forced to inform the public that no such action upon the part of these men is necessary. It stated yesterday that no law has been passed as yet making it necessary for these men to register. Such a law is pending, however, in congress now, and it is believed may be passed this week. The board says that it will make the necessary announcement when the time does come.

## Meetings Today.

The East End Neighborhood Red Cross will meet with Miss Olive Gibson, 3 Gardner place, this evening at 7 o'clock.

The Ladies' Aid society of the United Presbyterian church will meet with Mrs. Thomas Thornburn, 6 Hill place, this afternoon at 2:30. Every member is requested to be present, as there is important business. Roll call, temperance, etc.

Centennial lodge, No. 447, I. O. O. F., this evening at 8 o'clock. Work first degree. All candidates for this degree will please be present. Odd Fellows welcome.

Troop 2 of the Boy Scouts meet at the High school gymnasium this evening at 7:30 o'clock.

Home Missionary society of Methodist Episcopal church will meet in church parlors at 2:30 o'clock, today. Ladies please bring in Lenten offering. There will be a quilt for tie; also blocks to piece.

Members of Oneonta lodge, No. 466, F. & A. M., will assemble at the lodge rooms at 1:15 p. m. for the purpose of attending the funeral of Brother F. E. Farrington. E. W. Spencer, Master.

There will be a meeting of the Flying Eagle Patrol of troop 2, Boy Scouts, at 9 Third street at 4:30. All are requested to be present.

Christian Endeavor social at the First Baptist church this evening at 8 o'clock. All Christian Endeavorers cordially invited.

Company G band rehearsal this evening at 8:15. Full attendance desired.

## Meetings Wednesday.

The O. E. S. Social club will meet with Mrs. Foster West, 45 Maple street, Wednesday afternoon. Come early prepared to do Red Cross work.

The monthly business meeting of the Christian Endeavor society of the West End Baptist church will be held in the church parlors Wednesday evening. Every member is requested to be present.

Recruiting SHL Flourishing. Nine recruits were examined at the army last evening and accepted for Company G by Captain Jackson. All recruits recently examined are requested to report at the army this evening for drill and instruction. This includes all men taken into the company since the first of March. Dr. Marx will be at the army again on Wednesday evening to make examinations of those who have not already been examined as well as those who apply this evening and on Wednesday evening.

## Water Rents.

Livery taxi. Phone 996-J. advt 17

## WHY THEY ARE FOR A DRY ONEONTA

CHARLES J. BEAMS, POSTMASTER

I am in favor of a "dry" Oneonta because I believe that as a community we should do our part to eliminate the needless waste of foodstuff. The saving of the grain used for alcoholic drink consumed in Oneonta is as patriotic as the saving in the household, and it is needed for the maintenance of our army and that of our Allies who are fighting for us as a city as well as for us as a nation, to "make the world safe for democracy."

I am in favor of a "dry" Oneonta because I believe that it is time that we as a city do our duty to protect our young men. If alcohol is a menace to the young men of our army and has been banished, it is a menace to the young men of every community and its sale should be abolished. In our nation every sixth young man is physically unfit on account of the effects of the use of alcohol from their own drink habits or their parents. The safety of our nation depends upon men physically able to defend it in such emergencies as now confront it.

I am in favor of a "dry" Oneonta because I have never known of an instance where the use of alcohol has been a benefit to the moral, social, economical, educational or intellectual welfare of any person.

WILBUR H. LYNCH, PRINCIPAL NORMAL TRAINING SCHOOL.

There is a curious notion held by many people that a wet town makes for good business, and that if a community goes dry it necessarily loses something of its business "pep" and stamina. When this idea is analyzed, however, it reveals only a trace of truth.

The real, substantial business of Oneonta is found in its wholesale and retail stores, its shops and manufacturing, its skilled and unskilled workers who are producing wealth, and in all other sources and means of wealth and comforts and happiness for its citizens. In addition to its local business, it offers such advantages that a large, adjacent rural population comes in to buy and sell. This makes the business of Oneonta.

Now, suppose a man with a month's wages in his pocket, or a farmer with money to spend in town, both ready to do business in paying rent, buying groceries, meat, seed and comforts for their families, drop into a saloon and "have a few" to the extent of four or five dollars, except for the large head of the next morning, they have nothing and the town has nothing. They might better have thrown the hard dollars off the river bridge for all the benefit anyone has had out of them, and further, and here is the point, the town is just so many dollars poorer in real business. If all the money drunk up in Oneonta in a year, were turned into the channels of real, legitimate business, or saved and put into Liberty bonds our city would thrive as never before.

ROSCOE C. BRIGGS, OF BRIGGS LUMBER COMPANY.

When I think of the hardships that intemperance has brought to men and boys of my acquaintance during the past ten years I can see but one way to vote and that is "No." In my associations with mechanics and laborers, I know the dependence and reliability of sober, happy workmen. A bone-dry city certainly means sobriety and happiness and I am for it.

## BOOMING LIBERTY LOAN.

Four Minute Men Announcements for the Present Week.

Chairman G. J. Dann of the Four Minute Men has arranged the following schedule of speakers to make four minute addresses at the theatres named for the present week, booming the Third Liberty Loan:

Oneonta theatre—Wednesday, 7:30 p. m., Roscoe Briggs; Wednesday, 8:15 p. m., E. W. Elmore; Friday, 7:30 p. m., Marcus Homstreet; Friday, 8:15 p. m., A. E. Ceperley. Strand theatre—Wednesday, 7:30 p. m., Dr. Charles A. Schumacher; 9:20 p. m., J. F. Thompson esq.; Friday, 7:30 p. m., Dr. E. J. Farley; Friday, 9:20 p. m., W. L. Bolton esq. Happy Hour—Wednesday, 8:30 p. m., E. W. Ambal; Friday, 8:30 p. m., J. F. Thompson esq.

## An Absurd Argument.

Among the laughable features of the "dry" campaign in this city and illustrative of the extremes to which the "wets" are resorting to secure arguments with which to appeal to the voters is the claim that a number of residents will move away if the city votes "dry." Some one has the true situation on the head when he said: "Show me a person who will not remain in a place if he cannot get liquor and I will show you a person the place would not miss."

## Why Not Own Your Own Garden?

During the month of April we will sell large level building lots at West End, suitable for garden use, at a 10 per cent discount, monthly payment plan, no interest charge for six months. Prices range from 150 to 300 dollars. Aside from gardening the investment feature is worth considering. Ceperley-Morgan Real Estate company, 246 Main street. advt 17

Maid wanted in family of three to cook and do general housework. Washing and ironing sent out. No children. Good wages to worthy party. Comfortable home. Address: Alv. Seybold, 18 Elm street, Oneonta, N. Y. Phone 359-J. advt 61

Biwa, the tea with that wonderful aroma and delicious flavor—in packages. advt 17

## POLICE ARREST MILLER

Man Wanted for Deserting Wife and Child, and For Swearing Falsely in the Draft, Held in City Jail Pending Decision of Federal Authorities.

Stanley Miller, 105 East Street, this city, a young man for whom the Local Board has been looking for several days, was arrested in Herkimer Saturday by Officer Horton of the local police force on a warrant charging him with deserting his wife and little son. He is now lodged in the city jail here pending federal decision as to whether he can be indicted into the National Army and sent abroad. When he was taken into custody, Miller was found working in a Herkimer garage.

Miller, a lunchroom clerk and all-round mechanic, was recently placed in class 2 of the draft, on his claim that he had a wife and a 15 months old child to support. Later it was learned by the Local Board that he had sold the furniture of his home, pocketed the money and slipped out of town; and that for some time previous his wife had paid the larger part of the household expenses.

When brought back here he was reclassified and put in class 1, but his eyes were found deficient upon physical examination. The board, however, has requested the adjutant general of the army at Washington to waive his physical defect and accept him as an automobile mechanic. Meanwhile, the city authorities are deferring action.

A strong plea by the Local Board addressed to Washington that the man be enlisted, is based upon the fact that then his wife will receive part of his pay monthly and thus be assured of some support.

The man is also liable to a charge of failure to report change of status, which is punishable by a year in federal prison. It rests in the hands of the federal officials whether this charge will be pressed.

## CALL FOR PHOTOGRAPHERS

Local Board Asked by Adjutant General for Men of Experience.

The Local Board of this city has received a call from the adjutant general of the army to enlist men as photographers. The order, entitled, Volunteer Call No. 124, lists 100 photographers in New York state. These men are wanted by April 15; must be either professional or amateurs of wide experience; but need only be physically qualified for limited military service.

The Local Board states that it will induce no man into this service unless it has good reason to believe that he possesses the necessary photographic experience. The service is considered one of the most desirable in the army. It is therefore believed that the call will be filled quickly by volunteers, but if it is not the draft will be resorted to.

Another request received by the board comes from the Albany station of the British-Canadian recruiting mission, as to who are the men in its jurisdiction who are liable to the British-Canadian draft. Accordingly the board is preparing a list of British and Canadian declarants and citizens in its territory to be forwarded at an early date.

## GREAT PATRIOTIC PICTURE

Son of Democracy, of America in the World.

Benjamin Chapin, who has been on the screen at the Theatre since today and for several Tuesdays after, will be remembered as one of the most interesting speakers ever appearing on the local High School lecture course. He is one of the best known authorities on Abraham Lincoln. He has written, produced and appeared in Lincoln plays, playlets and vaudeville sketches. The experience of a lifetime has been concentrated in the work of "The Son of Democracy," a series of dramatic films of the life of Abraham Lincoln. This is in ten chapters, of two reels to a chapter, each chapter complete in itself. Those discriminating lovers of good pictures, and they are legion in Oneonta, should not miss the opening of this series at the theatre next Tuesday.

## Births.

Born, April 1, to Mr. and Mrs. George W. Yager of 23 Grand street, a son, Alfred Harry.

Born, March 26, at the Lawn avenue sanitarium, a son, J. Lawrence, to Mr. and Mrs. Nathan Shapiro, 1 Walling avenue.

## Autumn Lodge Social.

Autumn lodge held a very enjoyable social Friday afternoon at the home of Mrs. Loveland. There were 25 members present. The time passed all too quickly in games and social intercourse, after which delectable refreshments were served.

## Paige Roadster Delivered.

C. H. Bennett of Otego sold and delivered yesterday a Paige roadster to Scott Root of Cooperstown.

We have just received a big shipment of Willard Storage Batteries. Willard has a battery for every make of car. Before replacing your old battery with a new one come in and let us explain the wonderful durability of the famous Willard thread rubber insulated battery. Willard also builds a wood insulated battery that is second to none. We take your old battery in trade toward a new one.

If your battery needs charging or repairing call us on the phone. Rental batteries in stock. We are at your service. The Francis Motor Sales company, corner Main and Elm streets. advt 17

You can't always tell by the label what is in a package. By buying Otego coffee you take no chances, as it is always uniform and fresh, and price right. Ask your grocer. advt 17

Dr. Tarbox, office 10 Ford avenue, hours, 8 to 9, 1 to 4, 6 to 8. Advt 37

## ARE YOUR GARMENTS SATISFYING

Do they mean just clothes to you—just a protection from the elements? Or do they add something to your enjoyment of life? When you buy a new suit or coat you take great pride and pleasure in it's newness. How long does this delight in your clothes last? If they are Style-Craft garments the pleasure in them will be of long duration, because they are made to retain their shape and keep their "newness" to the end of the season. If you want more than "just clothes" buy Style-Craft garments and enjoy garment satisfaction.

## PERSONALS.

Dr. F. N. Wiggins of Franklin was a business visitor in the city yesterday.

Mr. and Mrs. F. H. Breece returned Monday from a few days' sojourn in Schenectady.

Mrs. G. B. Shearer leaves this morning for Syracuse, for a week's visit with friends.

Mrs. Henry Shepherd and daughter, Mrs. Merton Dean, spent Monday with friends in Unadilla.

Mrs. Lavina Dumond of 50 Center street is spending a few days with Mrs. George Wait in Otego.

Mrs. Susan Adair of Davenport was in Oneonta Monday, on her way to Watron for a prolonged sojourn.

Miss Weyrauch of the High school faculty returned yesterday, after a vacation spent with her parents at Liberty.

Cyrus Barney, who had been visiting his children in Oneonta over Sunday, returned Monday to his home in Worcester.

Miss Doris Gardner, who had been spending the week-end with friends in Unadilla and vicinity, returned home Saturday.

Mrs. Fred Larsen, who had been spending a few days with her husband in this city, returned Monday to her home in Norwich.

Mrs. George Sage, who had been a guest of Mrs. H. S. Rogers, 3 Lawn avenue, returned Monday to her home in Rochester.

Miss Gertrude Killen of 2 Walnut street, returned home yesterday, after spending two weeks in Binghamton and Owego.

Mrs. H. S. Marsh of 417 Main street, left Monday for Waton, where she will be the guest of her daughter, Mrs. J. W. Shumway for some time.

Mrs. Lester Culver and daughter, Thelma, of 308 Chestnut street, returned last evening from Binghamton, where they have been the guests of relatives.

Among the business visitors in the city yesterday were C. L. Stone, M. E. Lippitt, F. H. Shipman, Harry Lewis and Hon. N. P. Willis of Cooperstown.

Mr. and Mrs. Harmon Deering of Nichols, this state, returned home Monday, after a ten days' visit with her daughter, Mrs. William Keidel, of 11 Center street.

Miss Bess Christ departed yesterday, after spending the spring vacation in this city, for Mt. Vernon, where she is a member of the faculty of the public schools.

Miss Isabelle Mahaffy, who had been spending the Easter vacation at her home in this city, returned Monday to Cooperstown, where she is a teacher in the public schools.

Miss Pauline Powers of this city, who had been spending the Easter vacation at her home, returned yesterday to resume her studies in the Albany Business college.

Miss Edna Blizard, who has been spending the Easter vacation with her parents, Mr. and Mrs. Robert Blizard, of this city, returned yesterday to her school duties in Delhi.

Miss Olive Mead and Miss Helen Peaslee of this city departed yesterday for Binghamton, where today they will attend the funeral of the former's sister, Mrs. Philinda Leonard.

Miss Ada Colburn of the faculty of the Potsdam State Normal school, who had been spending the Easter vacation in Oneonta, returned to Potsdam yesterday to resume her school duties.

Rev. George G. Sommerson of Davenport and Rev. S. S. Robbins of Middlefield were in Oneonta yesterday, on their way to attend the Wyoming Methodist Episcopal conference at Wilkes-Barre, Pa.

Sergeant John J. Monahan of the 20th Baking company, Camp Dix, Wrightstown, N. J., who has been visiting his parents, Mr. and Mrs. Thomas Monahan of 12 Fairview street, returned to camp yesterday.

Wendell and Stanley Couse, who had been spending a few days' furlough at the home of their parents, Mr. and Mrs. Frank Couse on South Side, returned yesterday to Croton Lake to resume their duties as members of the State Guard.

Mrs. F. VanZandt, who had been in Oneonta with her daughter, Mrs. Clyde Farrington, who had for some time been a patient at the Fox Memorial hospital, returned Monday to her home in Voorheesville, where she will remain for some time for rest and recuperation.

Miss Cornelia Luce of Hartwick was in Oneonta yesterday, on her way to South New Berlin, where she is a teacher in the public school. She was accompanied from this city by Master Harold Culver, who resides with his aunt, Mrs. Lynn Gage, at South New Berlin and attends school there.

Herbert A. Ryndes, who 11 days ago underwent a difficult operation for falling of the stomach at the Fox Memorial hospital, was taken yesterday to his home in this city. His condition has from the first been favorable and the speed with which he has recovered has been remarkable. The operation is a quite unusual one and its success reflects great credit on Dr. Marx, who had it in charge.

Mr. and Mrs. Seymour G. Camp returned Sunday evening from Florida, where they had very pleasantly spent the winter. The trip in both directions was made by auto, and though different routes were taken, the speedometer showed 1,547 miles going and only ten more miles returning. Ten days elapsed between the departure from Florida and their arrival here, but one day was spent in New York city, leaving the actual running time nine days.

## NORMAL POSITIONS SECURED

Members of Oneonta Normal School Who Have Engagements for the Coming Year and Where.

There seems to be no dearth of positions for Oneonta Normal graduates despite the large class of graduates leaving the institution each June. The demand continues and never has there been a greater number of calls than for the members of the class to graduate the coming June. Of those members of the class securing positions the following were recently made:

Marjorie E. Albee of Roscoe at Huntington; Dorothy M. Allen of Utica at Utica; Bessie A. Austin of Gloversville at Delhi; Mildred F. Benedict of Gloversville at Ilion; Gladys L. Birdsall of Unadilla at Delhi; Susan M. Brown of Salisbury Mills at New Windsor; Helen S. Brush of Huntington at Babylon; Mary F. Burlington of Oneonta at Cobleskill; Eva L. Carr of Amsterdam at Amsterdam; Bertha E. Chard of New York Mills at Freeport; Grace M. Church of Afton at Endicott; Mildred B. Clemmons of Allentown at Tuxedo Park; Mildred E. Conkling of Huntington at Babylon; Marion E. Creighton of Amsterdam at Amsterdam; Gertrude E. Cunningham of Sidney at Endicott; Edna M. Danquer of Utica at Utica; Elizabeth Davis of Hagaman at Hagaman; Hattie J. Dunnigan of Hagaman at Hagaman; Hazel L. Durr of Utica at Utica; Mildred E. Durr of Utica at Utica; Antoinette N. Dykeman of Carmel at Beacon; Hazel J. Evans of Franklin at Endicott; Florence M. Fitzgerald of Utica at Utica; Calla B. Geer of Hancock at Endicott; Thelma H. Goodenow of Utica at Utica; Marjorie E. Gregory of Afton at Tuxedo; Alice L. Hammel of New Hartford at Endicott; Louise Hanes of Oneonta at Sidney; Laura E. Hartwell of Brewster at Beacon; Viola A. Hedy of Slootsburg at Slootsburg; Susan J. Hickling of Edmeston at Edmeston; Erna E. Hiltner of Tuxedo Park at Rockville Center; Hazel P. Hubbell of Oneonta at Endicott; Mabel S. Hulbert of Shavertown at Southampton; Bernice E. Hummel of Windham at Tuxedo Park; Pauline Hyer of Mt. Upton at Baldwin; Elizabeth L. Iverson of Yaphank at Sayville; Anna F. Keck of Eastport at Sanatoga Springs; Eleanor S. Kittell of Kinderhook at Kinderhook; Eliza J. Kowenhoven of Huntington at Westhampton Beach; Marie B. List of Amsterdam, at Ilion; Emma L. Long of Youngs at Walton; Helen M. McNeil of Cossayuna at Pearl River; Lena M. Miner of South New Berlin at Johnson City; Helen Munson of Windham at Huntington; Ruth L. Morehouse of Utica at Utica; Marion E. Ogden of Franklin at Stamford; Jeannette Palmer of Somers at Rockville Center; Katherine V. Pierce of Stamford at Sayville; Crystal E. Saltsman of Fort Plain at St. Johnsville; Marguerite E. Shaw of Downsville at Chatam; Eunice L. Siter of Chatham at Beacon; Estelle B. Snedeker of Sharon Springs at Whitehall; Kathleen Snyder of Stone Ridge at Tuxedo Park; Mildred B. Spears of Sirtsville at Sirtsville; Helen E. Splain of Utica at Utica; Olive Stoughton of Whitney Point at Huntington; Harriette E. Terry of Otego at Roscoe; Hazel M. Toole of Kingston at Tuxedo Park; Harriette D. Townsend of Huntington at Babylon; Edith A. Tryon of Moria at Tuxedo Park; Dora J. Vincent of Fonda at Ilion; Irene A. Vincent of Oneonta at Rockville Center; Mary A. Vought of Highland Falls at Huntington; Henrietta M. Walter of Rome at Rome; Elva M. Webster of Gilbertsville at Bloomfield; Marjorie V. Wilkins of Newburg at Rockville Center; Marjorie E. Winters of Randall at Amsterdam; Marguerite E. Wooler of Walton at Huntington; Lila V. Zorn of Hobart of Castleton; Anna L. Hoey of Middletown at Baldwin.

## DEATHS

Wallace Brewer.

Wallace Brewer died Sunday evening at 11 o'clock. Notice of funeral will be given in Wednesday's issue.

Funeral of Mrs. McCulley.

Funeral services for the late Mrs. Harmon McCulley will be held Wednesday afternoon at 1 o'clock at the home of her son-in-law and daughter, Mr. and Mrs. Orin B. Grosfant, 4 Fifth street, in this city. Rev. Dr. James C. Russell of the First Presbyterian church will officiate and interment will be in the Glenwood cemetery.

Mrs. Sheldon Slightly Better.

The condition of Minnie R. Sheldon, the nurse who suffered shock while on a case at Unadilla, and brought to the Fox Memorial hospital here last week, was reported early this morning as showing a trifle improvement.

We offer for sale this week the Alfred Thompson place at 54 Center street, near Elm, for \$3,500. The lot alone is worth quite or nearly \$2,000. The house is well built, has nine rooms, equipped with furnace, range, bath, gas fireplace, etc. Ceperley & Morgan.

**TWO DAYS FOR VOTING**  
 IN DISTRICTS HAVING MORE THAN 700 REGISTERED VOTERS.

Measure Making Such Provision: Passes Assembly at Albany and Goes to Senate—Measure Expected to Become a Law Today, But May Be Amended.

Responding to practically united demand from all the cities where local option is to be voted upon Tuesday next, Governor Whitman yesterday sent an emergency message to the legislature asking that remedial legislation be passed at once making provision for extending the hours of the election to include Wednesday, April 17, at least in those districts where a much larger number of voters have been registered than can vote within the 14 hours provided on Tuesday. The representatives from Oneonta acted promptly in the matter when the conditions here were called to their attention by Mayor Ceperley, and were in consultation with the Governor early in the day. In practically all the 39 cities there has been a large enrollment of women voters, making it physically impossible to handle the larger number in the time given.

Following the message came the introduction of a bill in the assembly, the principal provisions of which according to Assemblyman Bloomfield, who sent them to The Star, are as follows:

Extending the time for the election in all districts where 700 or more voters are enrolled shall be extended to include Wednesday, April 17, and that watchers from both the "drys" and the "wets" be provided during the night in addition to a policeman and the regular watchers shall remain at the polling place all night.

It provides also that the ballot boxes in those wards shall be sealed, the seal to bear the signatures of the inspectors and watchers at the close of the election on Tuesday and that the boxes shall remain in plain sight all night. That the unused ballots shall also be placed in a sealed box for the night. All seals are to be broken the next morning when the election is to be resumed and to continue from 6 a. m. to 5 p. m., as on Tuesday. The measure makes it a felony to make any false affidavit relative to the ballot boxes, etc. The law requires the city clerk to give as much publicity as is possible to the extension of the voting day in these wards. The law requires the city council to provide pay for the additional day. It also directs that the courts shall direct another election later in case there results any failure to carry out fully the provisions of the law.

The measure passed the assembly last night. In the senate Elton R. Brown objected to its passage last night, saying that he believed it should embrace all districts having 600 registered voters or more. It therefore went over until today when it is expected that it will in some form pass the senate and that the assembly will accept any amendment of the kind offered by the senate.

It is a measure that has the approval of both sides from many cities and should unite in favoring it. It assures an expression of the registered voters which all should desire to have made. It is to be hoped that it will become a law today. Owing to an error in taking the figures of the first district of the second ward that district is below 700. If it remains at 700 it will affect only the third, fourth and fifth wards. If the number is reduced to 600 it will affect the first district of the second ward and the sixth ward.

## CITY ONE-FIFTH SUBSCRIBED

\$49,450, PLUS \$6,000 AT NORMAL SCHOOL, IN BONDS PURCHASED

All Bonds Taken by Individuals and Mostly in Small Amounts—Blanks Will Be Here Soon, It Is Expected—Loan Committee Calls Upon People to Subscribe—Sergeant Downing Coming to Boost Campaign.

Oneonta has already subscribed one-fifth of its quota of \$361,800 set as the goal for the third Liberty loan drive. Up to the close of business last night, the second day of the drive, \$49,450 had been raised, according to a statement issued by LaVerne P. Butts, chairman of the committee. This sum, however, does not include \$6,000 that was subscribed by the faculty and pupils of the Oneonta State Normal school yesterday through the efforts of Miss Florence Matteson. The subscriptions received thus far are all from individuals; not a bank, firm or corporation having taken out any of the bonds. The majority of the subscriptions are for small amounts.

This showing is made, said Mr. Butts, despite the fact that the campaign in this city has been handicapped because the blank subscription cards have not yet been received from New York. While many of the canvassers and others interested in Liberty loan bond sales are inquiring why the local committee has not received the cards, the chairman is expecting them momentarily. He was emphatic last night in stating that within the next 24 hours it is hoped that the canvassers will be ready to call on subscribers with the proper blanks. The delay was explained as due to official permission from Washington before the subscription cards could be printed.

A statement was issued by the loan committee last evening opening with the slogan "Third Liberty Loan Honor Flag Must Come to Oneonta," and calling upon every one in the city to help win the right to fly it. "Citizens of Oneonta and vicinity," the statement reads, "are again called upon to loan Uncle Sam their money and receive in return one of the safest and best bonds ever issued which will undoubtedly always be worth par or more and in addition will pay a 4-1/2 per cent interest annually.

"We have been asked to raise \$361,800. When we raise this amount, the government will give us the Honor Flag of the Third Liberty loan, a flag 36x54 inches, with a red border and white center, and three blue stripes indicative of the Third Liberty Loan campaign. This flag will be awarded to each community that subscribes the sales quota set for it by the Federal Reserve district Liberty Loan committee. As an additional honor emblem, a blue star, to be sewn into the white field, will be awarded to the city every time its quota is increased 100 per cent. Let Oneonta not only earn and receive the Honor Flag promptly, but also win a few additional stars.

"The purchaser of every bond will receive a window card 7x9 inches, which is a reproduction of the Honor Flag, having a space for the subscriber's name to be written in either by the purchaser or salesman. The subscriber then will be expected to display the card in the window of his residence or business place. No matter how large or small your subscription, you get the same kind of card.

"There will also be an Honor Flag displayed in a prominent place in the city of Oneonta, size 25x35 inches, bearing a reproduction of the Honor Flag and carrying these words: 'Help Our Town Win the Right to Fly This Flag,' and 'These Are the People of Our Town Who Helped Win the War by Investing in the United States Government Bonds of the Third Liberty Loan,' under which is a space for the names of the subscribers.

"Let us help the great Empire State win its star on the Honor Flag that will fly on the national capitol at Washington."

It was announced last night that Sergeant Downing, who was through the first battle of the Somme, and was wounded on the last day while with the British forces, will soon come to Oneonta in the interest of the loan. He will bring with him the French and British official photographs of the war in the form of moving pictures. The Liberty Loan committee of New York has assigned him to cover Otsego county during the week of April 22. A notice of his specific dates will be published later. Meanwhile, it is declared that the Sergeant is one of the strongest speakers among the men who have seen action in France.

## One Fine Catch.

G. A. Perkins returned late yesterday from a half day's fishing and brought back with him a dozen fine specimens of native brook trout, which were displayed to a few of his friends. The trout, with the exception of a couple that were safely seven inches or above, averaged from 9 to 12 inches. The catch was a sight to delight the eye of anyone fond of the sport.

## TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist and get one ounce of Earsol (don't scratch), add to it one-fourth pint of hot water and a little of granulated sugar. Take one tablespoonful four times daily. This will often bring quick relief from the distressing head noises. Closed nostrils should open, breathing becomes easy and the ears stop dropping and the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

## INDIGESTION AND CONSTIPATION

Quickly Relieved By "Fruit-a-lives"

Roccos, P. Q.

"I suffered for many years with terrible indigestion and constipation. A neighbor advised 'Fruit-a-lives' (or Fruit Liver Tablets). I tried them. To the surprise of my doctor, I began to improve and he advised me to go on with 'Fruit-a-lives'."

"I consider that I owe my life to 'Fruit-a-lives' and I want to say to those who suffer from indigestion, constipation or headaches—try 'Fruit-a-lives' and you will get well!"

CORINE GAUDREAU.

## ONEONTA CLUB BOWLING.

Huntington's Team Takes Three Strights from Henderson's Team.

At the Oneonta club alleys last evening, a team captained by Huntington defeated Henderson's team by the following score:

Huntington ..	145	159	151
McKean .....	171	213	294
Colburn .....	140	146	140
Amos .....	170	147	147
Totals .....	626	659	642
Henderson ..	121	155	150
Hatcher .....	150	150	150
German .....	190	151	199
Ronan .....	120	120	120
Totals .....	601	586	629

## Potatoes in Worcester.

The potato prospects for next fall look brighter than ever. We are informed that the following residents will plant the amount of potatoes appearing after their names: Joe Allen 80 bushels, Henry Schmitt 100 bushels, Frank Chapin 75 bushels, Major Hill 80 bushels, Avery Morrell 125 bushels, and Myron Banks 140 bushels.—(Times.)

376 Wright's delivery. adv. 11

## SICK CHILDREN LOVE CASCARETS FOR THE BOWELS

Give "Candy Cathartic" for a cold, sour stomach and constipation.

Get a 10-cent box now.

Most of the ills of childhood are caused by a sour, disordered stomach, sluggish liver and constipated bowels. They catch cold easily, become cross, listless, irritable, feverish, restless, tongue coated, don't eat or sleep well and need a gentle cleansing of the bowels—but don't try to force a nauseating dose of oil into the little one's already sick stomach—it is cruel, needless and old-fashioned. Any child will gladly take Cascarets, a gentle, safe, reliable laxative, which never gripe or produce the slightest uneasiness—though it cleans the little one's system, sweetens the stomach and puts the liver and bowels in a pure, healthy condition.

Full directions for children and grown-ups in each package. Mothers can rest easy after giving this gentle, thorough laxative which costs only 10 cents a box at any drug store.

## American School of Practipedics DIPLOMA

To all to whom the

Announcing the Graduation of

Mr. Floyd F. Taylor

from the American School of Practipedics of Chicago

He learned all about the human foot, its construction, its ailments, its deformities, and how these may all be overcome by simple, but scientific means. He will be found at this store at all times, ready to examine the feet and give expert advice without charge. You are invited to call and consult him about feet or shoes.

## This Means Foot Comfort For YOU

His education as a foot specialist has shown him that

There is a Dr. Scholl's

Appliance or Remedy for Every Foot Trouble and he will gladly demonstrate, on your own foot, how the proper Scholl's Appliance will make it possible for you to wear the stylish shoes you like without the slightest discomfort. He uses the same method as the famous authority, Dr. Scholl, and employs the devices which Dr. Scholl invented. Come in and see for yourself. No charge whatever for his services. Everybody invited to get "foot-happy."

ASK THE FOOT EXPERT AT HURD BOOT SHOP Floyd F. Taylor 160 Main St.

## Cardinal Gibbons Not the Head of the Catholic Church in U. S.

JOHN F. CUNNEEN, A CATHOLIC LAYMAN OF CHICAGO

Cardinal Gibbons has spiritual jurisdiction only over the Catholics in the archdiocese of Baltimore. Cardinal Gibbons has no spiritual jurisdiction over the Catholics anywhere in the country outside of the archdiocese of Baltimore, who number 270,000.

There are seven archdioceses with a larger Catholic population than Baltimore archdiocese.

There are ten dioceses with more Catholics than Baltimore archdiocese. Out of the 17,022,879 Catholics in the United States Cardinal Gibbons has spiritual charge of only 275,000.

Out of 19,983 priests in the United States Cardinal Gibbons has jurisdiction over 602.

Cardinal Gibbons has no political jurisdiction over Catholics in his own archdiocese or anywhere else.

In the archdiocese of Baltimore you may find some of the strongest Catholic Prohibitionists to be found anywhere, some priests of high standing.

The liquor interests give the anti-Prohibition views of Cardinal Gibbons enormous advertising. The Cardinal's name and picture is found everywhere liquor men can use it.

People of the country hear so much of Cardinal Gibbons, that they get the impression that he is the head of the Catholic church in the United States. This helps the liquor traffic.

There are three Cardinals in the United States.

Cardinal Farley of New York has 1,219,900 Catholics in his archdiocese, or more than four times the number that Cardinal Gibbons has.

Cardinal Farley gives no argument to the liquor interests.

Cardinal O'Connell of Boston has spiritual charge of 900,000 Catholics, or more than three times the number Cardinal Gibbons has.

Cardinal O'Connell has said:

This demon of strong drink begins his work. Behold its victim as he reels forth from the barroom. Behold the drunkard. Where is the image of God in that being? He has sacrificed it upon the bar, the altar of Satan.

Of the eleven archbishops in the United States, the liquor interests quote only two—Archbishop Mueller of Cincinnati and Archbishop Harty of Omaha, formerly of St. Louis.

Of 96 Catholic bishops in the United States, the liquor interests quote only four.

Of the 17,000 priests the liquor interests quote not over ten.

Cardinal Gibbons is with a woeful minority among the Catholic clergy.

Cardinal Gibbons was 82 years of age last July. In 1914 Cardinal Gibbons said: "I am too old now to change my attitude on a subject as important as this (Prohibition)."

The people of the country are not going to be swayed by the views of a man who is in his 83rd year, and who said when he was 80, that he was too old to change his attitude upon the question of Prohibition.

Witness Cardinal Gibbons' own State of Maryland. It has ratified the National Prohibition Amendment.

The people respect and honor Cardinal Gibbons, but they will not stand with his eminence when it means standing with the liquor traffic.
